I can be friends with you
There's no better friend
That a man can know
I can be friends with you
And I feel so special
With you I know

I don't know the gardner
Even though I'm a resident
Don't want trouble with the daily world
Don't care for the president
I know I can be with you
I don't have to wait in line
You're the almighty creator of all the world
And you're also a friend of mine

I can be friends with you
There's no better friend
That a man can know
I can be friends with you
And I feel so special
With you I know

When I have a problem
I can always come to you
Regardless of the situation
I know you'll know what to do
You put your arm around me
You speak so tenderly
And I feel better just to know you care
Yeah, you took the time for me

I can be friends with you
There's no better friend
That a man can know
I can be friends with you
And I feel so special
With you I know

I'm no special person

I've a spot in the heart for you
But you treat me like I'm the only one
With whom you'd have to do
You call so loud around
You're with me every day
I love you not because of me
And I'm glad that I can say

I can be friends with you
There's no better friend
That a man can know
I can be friends with you
And I feel so special
With you I know

I can be friends with you
There's no better friend
That a man can know
I can be friends with you
And I feel so special
With you I know
