It doesn't matter what you need, just where you go to  
get it  
It doesn't matter what you've done, there's no need to  
regret it  
If you're a loser just like me then life hasn't been easy  
Maybe you were waiting for the wake up call  
And when it came your line was busy

I know it's happened to me, and it will happen again  
If I don't slow down and listen

It's undeniable, we're so much smaller than we think we  
are  
It's undeniable, we're so much smaller than we think we  
are

The first step that I needed to take was giving God  
control  
That's a struggle for me everyday, and I'm letting you  
all know  
There's a willingness that comes alive  
When you begin tearing down the walls  
But the first step is so very hard, if you take a first step  
at all

I know it's happened to me, and it will happen again  
If I don't slow down and listen  
I know it's happened to me, and it will happen again  
If I don't sit down and listen

It's undeniable, we're so much smaller than we think we  
are  
It's undeniable, we're so much smaller than we think we  
are

When we've built up walls around us  
Our hardened hearts can't bear  
The healing hurts so badly  
That no one seems to care  
And after all, and after all

It's undeniable, we're so much smaller than we think we

are

It's undeniable, we're so much smaller than we think we  
are

It's undeniable, we're so much smaller than we think we  
are

It's undeniable, we're so much smaller than we think we  
are
