I remember times back in Hollywood
Best friends makin' music, we were feelin' good
The top was always down
And the sun was always shinin' bright

I remember singin' to the radio
On the Sunset Strip, we were drivin' slow
The top was always down
And the stars were always shinin' bright

The sun was goin' up when we were layin' down
We felt like kings and we love that town
The sun was comin' up when we were layin' low
We felt like kings, we were livin' our dreams

Everyone was there so we got into the car
Headed out to Vegas, didn't get very far
The top was always down
And the tire blew a flat that night

We changed the tire, then we turned right around
Picked up a hitcher on our way into town
The top was always down
With the gas pedal on the ground

The sun was comin' up when we were layin' down
We felt like kings and we love that town
The sun was comin' up when we were layin' low
We felt like kings, we're livin' our dreams

We'll be on the town tonight
And you'll get left if you ain't right
We'll be on the town tonight
And you'll get left if you ain't right
We'll be on the town tonight

We watched the freaks fade away in the day
We watched celebrities come out to play
The top was always down
And we knew our way around

The sun was comin' up when we were layin' down

We felt like kings and we love that town
The sun was comin' up when we were layin' low
We felt like kings, we were livin' our dreams

The city in our eyes, the music in our soul
We love singin' loud to the stereo
Left coast, punk rock, that's our scene
Rock n' roll, we're livin' a dream

Livin' a dream, we're livin' a dream
Livin' a dream, we're livin' a dream
I say livin' a dream, we're livin' a dream
Livin' a dream
