Well she went away for the holidays
Said she's goin to LA
But she never got there
She never got there
Never got there
They say yeah, oh oh

Well she went away for the holidays
Said she's goin to LA
But she never got there
She never got there
Never got there
They say yeah, oh oh

The KKK took my baby away
They took her away
Away from me

The KKK took my baby away
They took her away
Away from me

Hey! Ho! Hey! Ho

Wonder where my baby could be
They took her from me
Took her from me

Wonder where my baby could be
They took her from me
Took her from me

Ring me, ring me, ring me
The president
And find out where my baby went
Ring me, ring me, ring me
The FBI
And find out if my baby's alive

Whoa, whoa, whoa, whoa, whoa, yeah yeah yeah
Whoa, yeah, yeah, yeah, yeah

Well she went away for the holidays
Said she's goin to LA
But she never got there
She never got there
Never got there
They say yeah, oh oh

Well she went away for the holidays
Said she's goin to LA
But she never got there
She never got there
Never got there
They say yeah, oh oh

The KKK took my baby away
They took her away
Away from me

The KKK took my baby away
They took her away
Away from me

The KKK took my baby away
They took her away
Away from me

The KKK took my baby away
Took my baby
They took my baby away
