Just don't understand what's going on in my life these days

Everything upside down turned around

Won't waste my life, no way, no way

And I don't know why, don't know why

I can't see clearly? I can't think 'cause it's too early

So many doubts frequent my mind all the time

Our lives in general are one and the same

But there's variations

Our lives in general are one in the same

Difference of opinion

Don't understand what's going on in my life these days

Everything upside down turned around

Won't waste my life, no way

Our lives in general are one and the same

But there's variations

Our lives in general are one and the same

Difference of opinion

In my younger years, I used to be so free

But I don't know what's happening to me

We all know by now that time's the enemy

It controls us, tells us where to be

In my younger years, I used to be so free

But I don't know what's happening to me

We all know by now that time's the enemy

It controls us, tells us where to be

Don't know, don't care

If you need me, I'll be right here

Don't know, don't care

If you need me, I'll be right here
