So are the days of out lives"
It seems like every time i get something going
It falls apart right in my hands
It seems like every time i get it figured out and
I have no doubt, that's when i'm farthest from the truth
My world is breaking down around me
I see my destroyed world in front of me
Any and every thing i trusted
I weep for my world disgusted
I always learn the hard way, there ain't an easy way to
learn
That's what i've learned
Was i tough the right things tough the right?
I don't know and that is all i know
