1, 2, 3, go

Asleep at the wheel forty miles left to go  
Rolling in on fumes to rock the show  
We don't need fortune and we don't need fame  
We don't need bright lights to spell our name  
All we ever wanted was to play

Play it loud, play it loud  
Raise your voice and shout it out

We weren't the first but we're holding our own  
Ten long years ago the seeds were sown  
A song in your heart picks you up when you're down  
We like the songs we play, we love this sound  
We're just like you straight from the crowd

Play it loud, play it loud  
Raise your voice, shout it out  
Play it loud, play it loud  
Raise your voice, shout it out

Hold fast to your friends  
Be true to yourself  
And stop trying to be just like somebody else  
Be yourself

Play it loud  
Raise your voice, shout it out  
Play it loud, play it loud  
Raise your voice, shout it out

Play it loud  
Play it loud  
Play it loud
