I don't know what to do, don't know what to say
It hurts me to look up when she looks at me that way
Oh, can't she see, what she's doing to me?

I thought that she was mine, I guess I was wrong
It seems the change of my love, looks like she's moved
along
Oh, can't she see, what she's doing to me?

Couldn't understand what she was trying to say
I finally figured out that I was in her way, now I'm okay
She wasn't too down with rock 'n' roll scene
She wasn't too down with the pain it brings, oh, yeah
She sprouted wings and flew away

I don't know what to do, don't know what to say
It hurts me to look up when she looks at me that way
Oh, can't she see, what she's doing to me?

Couldn't understand what she was trying to say
I finally figured out that I was in her way, now I'm okay
She wasn't too down with rock 'n' roll scene
She wasn't too down with the pain it brings, oh, yeah
She sprouted wings and flew away
