It eats at you I know
It's so hard to let it go
Let yourself go yeah
Just let yourself go

It consumes you can't you see
That sin hates everybody
Everybody, sin hates everybody

Even though I know the reasons why
It breaks me down I want to cry
I search for comfort in a friend
When will my troubles ever end?

Ever end, never end

The sugarcoated poisoned apple
Tastes so good that you can't see
Death and decay that's inside
And what it's done to me

The sugarcoated poisoned apple
Tastes so good how could you know
It's deceitful lies
And where you're gonna go you will know

It eats at you I know
It's so hard to let it go
Let yourself go yeah
Just let yourself go

It consumes you can't you see
That sin hates everybody
Everybody, sin hates everybody

Even though I know the reasons why
It breaks me down, I want to cry
I search for comfort in a friend
When will my troubles ever end?

Ever end, never end

Sugarcoated poisoned apple
Tastes so good that you can't see
The death and decay that's inside
And what it's done to me

The sugarcoated poisoned apple
Tastes so good how could you know
It's deceitful lies
And where you're gonna go you will know
