One, two, three, go!

Music today isn't the way it's supposed to be  
You like what you're told  
And if you know it's good  
Then you'll agree

It's someone to tell ya who you are  
Someone to tell ya who to be  
Someone to show ya what you see

It's the next big thing  
It's the next big thing  
It's the next big thing  
So you better be listenin'

You go to the store and  
It's the same bands stacked on each other  
You've heard it before but now  
It's better than its cover

It's someone to tell ya who you are  
Someone to tell ya who to be  
Someone to show ya what you see

It's the next big thing  
It's the next big thing  
It's the next big thing  
So you better be listenin'

Go!

How low can you go?  
How low will you go  
To be the next big thing?

It's the next big thing  
It's the next big thing  
It's the next big thing  
So you better be listenin'

It's the next big thing

It's the next big thing  
It's the next big thing  
So you better be listenin'

Go!
