I don't want to let my life fly by
Do you ever stop, stop to wonder why?

And time flies by when everything is okay
It just turns out that life aint that way
Big decisions overwhelm me
And I know nothing's free.

When I don't think of, think about much
People die and we don't know why
I could use some understanding
Human contact, sign that contract

"Chorus"

I don't want to let my life fly by
Did you ever stop to wonder why?
Ever stop to wonder, wonder why?

And time stands still when no one understands you
When you don't quite understand yourself
But just know this that God is faithful
Even if you don't have faith yourself.

There's nothing quite like being sure of
Whats inside your heart
It's mostly simple but not so easy
To know just where to start.

"Chorus"

I don't want to let my life fly by
Did you ever stop to wonder why?
Ever stop to wonder wonder why?

Today didn't have to be this way
Tomorrow is another day
Another chance to make things right
A chance to make sense of last night

Today didn't have to be this way
Tomorrow is another day
Another chance to make things right

A chance to fully live your life.

Only you don't want to, You don't want to, You don't
want to, You don't want to
You don't want to, You don't want to, You don't want to,
You don't want to
You don't want to, You don't want to.
