

## **MxPx "Weak"**

Visit "[Weak](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Light my path, show me the way  
Filter everything I say  
Try to forgive, try to forget  
Why do I do what I regret

[Incomprehensible] won't abide  
It's ripping me apart inside  
Jesus pulls me back together  
My soul will be with Him forever

Yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah

Can't get away from bitterness  
Can't seem to lose my selfishness  
My faith in father died  
'Cause I am weak and he is strong

[Incomprehensible] won't abide  
It's ripping me apart inside  
Jesus pulls me back together  
My soul will be with Him forever

Yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah

Light my path, show me the way  
Filter everything I say  
Try to forgive, try to forget  
Why do I do what I regret

[Incomprehensible] won't abide  
It's ripping me apart inside  
Jesus pulls me back together  
My soul will be with Him forever

Yeah, yeah, yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah, yeah, yeah
