I promise on everything I wouldn't hurt you again oh no
And maybe you're not to blame you thought you had to
remain oh yeah
And girl I apologize for looking you in the eyes
Claim that I'm telling the truth but I keep telling you lies
And I know I fractured your heart and I would
understand if you say it's over

Girl when you left I realised what I did was wrong (I was
wrong)
And know I'm standing here on my own (here on my
own)
I'm sorry that it took me so long (took me so long)
It's too late you're gone (it's 2 late you're gone)
And I know it's for sure that it's over, it's over it's over,
it's over
I know it's for sure that it's over, it's over it's over, it's
over, it's over

When you were here with me I tried my best to push
you away oh yeah
You tried your best to work it out but couldn't get me to
change oh no
I treat the right people wrong, I treat the wrong people
right
I say i'm in love with you but all we do girl is fight
And I know I fractured your heart and I would
understand if you say it's over

Girl when you left I realised what I did was wrong (I was
wrong)
And know I'm standing here on my own (here on my
own)
I'm sorry that it took me so long (took me so long)
It's too late you're gone (it's 2 late you're gone)
And I know it's for sure that it's over, it's over it's over,
it's over
I know it's for sure that it's over, it's over, it's over, it's
over, it's over

How can I be sane without you here with me
When I sleep all I dream about is you

Girl it ain't the same when you ain't on my team
You the star and without you I'm gonna lose

Girl when you left I realised what I did was wrong (I was wrong)
And know I'm standing here on my own (here on my own)
I'm sorry that it took me so long (took me so long)
It's too late you're gone (it's 2 late you're gone)
And I know it's for sure that it's over, it's over it's over,
it's over
I know it's for sure that it's over, it's over, it's over, it's
over, it's over
