My heart is overflowing with a good theme  
I recite my composition concerning the King  
My tongue is like the pen of a ready writer (Selah)

My God when You came out before Your people  
Marched through the wilderness the earth shook below  
The heavens stopped at Your presence dropped rained  
Five thousand years You're still the same  
So when the enemy comes at me with tactics of fear  
and fate  
Like the Lord cracked the sky and it gave forth rain  
So my enemies will be made a footstool before the  
King  
One by one they'll fall as heavenly armies march and  
sing

The Lord is warrior, He'll fight  
With all of his might, the enemy's frightened as  
triumph cries  
A shout of victory, over His enemies and He'll go forth  
The Lord is like a man of war, His light  
Will shatter the darkness from night as triumph cries

Will the Lord is my shelter from my enemies  
I will not fear what they can do to me  
In the struggle I find strength for the fight  
We'll raise the banner high until we break the night  
Mount up with spiritual armor  
For the weapons of this warfare are far from carnal  
But mighty in God for tearing down strongholds

The Lord is warrior, He'll fight  
With all of his might, the enemy's frightened as  
triumph cries  
A shout of victory, over His enemies and He'll go forth  
The Lord is like a man of war, His light  
Will shatter the darkness from night as triumph cries

We marching out brandishing arms upon  
The wickedness battle goes on and on  
We steady combating from dawn to dawn my king had

victory all along  
We focus attention from day unto day  
From my troubles and unto the One that can save  
My brethren crying out charging the battle line  
Looking unto the God worthy of praise and hey  
Running in the race till the day breaks  
And I'm throwing off weight, gotta make haste  
Enemy can't stay, gotta vacate  
When the great name been proclaimed thus say the  
Lord  
And I'm gonna fight it with a mighty mighty vigor  
Gonna side it with the undivided  
Hot up in the battle in valley of the shadows and death  
And I'm running with a fella that I'm honored just to  
follow

The Lord is warrior, He'll fight  
With all of his might, the enemy's frightened as  
triumph cries  
A shout of victory, over His enemies and He'll go forth  
The Lord is like a man of war, His light  
Will shatter the darkness from night as triumph cries  
A shout of victory, over His enemies

My tongue is like the pen of a ready writer
