Here we are in the shadow of night  
As we surrender to temptation all right  
Because I want what I want and I'm gonna get it  
And I don't care where or how

Here we are on a trip to the moon  
And this persuasion is just one to consume  
So just taste just a little now.  
I want a little bit of what's been goin' around

Hang on  
I am here, making a dark holiday  
I will bring you all out to play

Here we are, now tomorrow is gone  
And I declare it with a decadent tone  
I'm gonna shake things up a little now, I  
I want a little bit of what your givin' out

Hang on  
I am here, making a dark holiday  
I will bring you all out to play

I sing with a smile  
Cause I'm taking every mile  
On the road to hell  
On the way to my cell
