There were yellow ribbons on every tree  
And yellow orchids growing from the street  
Postcards and letters swam to the shore  
Locket and treasures on the river floor, yeah

We owe the streets of this small town  
You live so quietly and us we speak so loud  
We owe the streets of this small town  
You live so quietly and us we speak so loud  
We speak so loud

There were yellow ribbons on every tree  
And yellow orchids growing from the street  
Postcards and letters swam to the shore  
And all the birds were singing ode's  
Singing ode's oh no, oh no

We owe the streets of this small town  
You live so quietly and us we speak so loud  
We owe the streets of this small town  
You live so quietly and us we speak so loud  
We speak so loud
