Whisper softly softly in my ear
Say all the things I want to hear
So speak low, if you speak love

Oh baby baby drink the poison
We can disappear, away, away from here
Can you hear?
Whisper softly in your ear,
We will never, ever know
Cause our love was always a secret

I say those god damn kids got nothing on me
They just laugh and dance at insecurities
Well I know who I am
Do you know who I am?

Oh baby baby drink the poison
We can disappear, away, away from here
Can you hear?
Whisper softly in your ear,
We will never, ever know
Cause our love was always a secret

Tell me, can you hear
Whisper softly in your ear,
We will never, ever know
Cause our love was always a secret
I say those god damn kids got nothing on me
I say those god damn kids got nothing on me
Cause I know who I am
Do you know, who I am?
I say those god damn kids got nothing on me
I say those god damn kids got nothing on me
Well I know who I am
And You'll never know who I am

Can you hear
Whisper softly in your ears,
We will never, ever know
Cause our love was always a secret

Can you hear

Whisper softly in your ear,
We will never, ever know
Cause our love was always a secret

Tell me, can you hear
Whisper softly in your ear,
We will never, ever know
Cause our love was always a secret
