Get all your bags, and pack up quick  
Cos it's time to call it, call it  
But it never mattered  
Never a disaster  
I got to leave it all behind me

Can somebody tell me, anyone tell me

Chorus

Where did it all go, where did it go?  
Where did it all start, to unravel? (2x)

Time takes it's toll, for us it was years  
And I couldn't take it, no I couldn't take it  
Call it but never end  
I promise to write you letters  
To let you know that I'm doing better

Can somebody tell me, anyone tell me

Chorus (2x)

Please don't call me out  
Cos I suffered enough, I don't care enough  
To make an attempt to cry to myself about it

Can somebody tell me, will somebody tell me  
Can somebody tell me?

Chorus (2x)

Where did it all start, to unravel?  
Where did it all go?
