You can think and control all of this thing
But you just bought the ticket on the runaway trip
You can think that love can never put no changes on
you

That ain't true, that ain't true
You can look away when she looks in your eyes
And you can try, try to keep her off your mind

But the heart is weak and love is so strong, yeah
And you just can't fight it, don't bother trying
You're in deep, you've been knocked up your feet, yeah
You know the heart is weak, so weak, so weak yeah

You can sing, you can stop in anytime
But you know the brakes are broken and driven over
the line
You can climb your feet don't even know there's no
escape

You're too gone, it's too late
Don't you know that it don't matter what you have
planned
But does it does it now it's out of your hand

The heart is weak, love is so strong, yeah, yeah, yeah
But you just can't fight it, don't bother trying
You're in deep, oh, oh, you're knocked up your feet
You know the heart is weak, so weak, so weak yeah

You know, thought you ever knew
I am stronger but I'm confused
Love's got no wheel now and love's got you blind
Can drive you out, out of your mind

But the heart is weak, love is so strong, yeah
You just can't fight it, oh, you're in deep
You're knocked up your feet, yeah
You know the heart is weak, so weak, so weak

So weak, so weak, so weak, yeah
I can't give nothing, no, no return, yeah

So weak, so weak, yeah, so weak, so weak
