

## Michael Johns "Little Bear"

Visit "[Little Bear](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Little bear, little bear tell me what you got done wrong?  
Little bear, little bear tell me what have you done  
wrong?

You got money in your pockets, food to keep you fed  
I'm hearing about another man laying in my bed

Tell me what you sing when you're all alone?  
No matter what you sing it's just the same, same songs  
Tell me what you sing when you're all alone?  
No matter what you sing it's just the same, same songs

Little bear, little bear tell me what you got done wrong?  
My little bear, little bear tell me what have you done  
wrong?

Well, I hear a little talking, I see trouble in your stare  
People keep on warning me but baby I ain't scared

Tell me what you sing when you're all alone?  
No matter what you sing it's just the same, same songs  
Tell me what you sing when you're all alone?  
No matter what you sing it's just the same, same songs

Tell me what you sing when you're all alone?  
No matter what you sing it's just the same, same songs  
Tell me what you sing, are you all alone?  
No matter what you sing it's just the same, same songs

It's just the same, same songs  
Oh, little bear, my little bear  
It's just the same, same songs
