sometimes we had some problems
but everytime, we solve them
i knew that it should happen
that you'll let me for him
i gave you all
and i'm still waiting for your call

(chorus):

i just wanna arise
and see your eyes
may be it will happen later
may be we will be together
since you left i'm frozen
'cause my heart was stolen
may be i'll find it later
'cause may be we will be
...together

you didnt cry
when you said "Goodbye"
i swam in a dream
until i know what this mean
i started to sink in a nightmare
and you'd never come and save me cause you dont
care

(chorus):

i just wanna arise
and see your eyes
may be it will happen later
may be we will be together
since you left i'm frozen
'cause my heart was stolen
may be i'll find it later
'cause may be we will be
...together

(bridge):

i have something to send
it's that i wanna see you again
i just wanna wind you
i just wanna kiss you

and feel your lips in my neck
after all the feelings that i get

(chorus):

i just wanna arise
and see your eyes
may be it will happen later
may be we will be together
since you left i'm frozen
'cause my heart was stolen
may be it will happen later
'cause may be we will be
...together...
