(chorus)

I'm hot, I'm cold, fuck what you know,
Double Cuzins in this bitch, illing with the flow,
Macon, Georgia residents, you already know,
Nick and CJ all stars, do it like a pro,

I'm hot, I'm cold, fuck what you know,
Double Cuzins in this bitch, illing with the flow,
Macon, Georgia residents, you already know,
Nick and CJ all stars, do it like a pro,

(verse)

I'm hot, I know, I'm cold, fo sho,
Nick on the track, man I smoke it like dro,
They tellin me I'm good, like I don't already know,
white tee with some J's, check me down from head to
toe,

Ask a girl a question, I hear anything but no,
I get what I want, that's the way it's gotta go,
Fame comes with a price, well I'm bout to spend it,
I'm supposed to be a star, it's really intended,
Respect is given, where respect is due,
If you aint close to me, who the fuck are you,
You rap to be real, but ya shit aint true,
Tryna look fresh, that shit aint new,
I aint gonna lie, I don't bang or sell crack,
But my lyrics on fire, that's really where you lack,
478, and the state got my back,
So Imma do my thing, kill you if I play it back,

(chorus)
