"You told me you loved me  
I know where and when  
Come sunrise, surprise surprise  
The joke's on me again

I know you don't love me  
You know I don't care  
Keep it hidden better  
Did I say the world was fair?

I thought I was just the guy  
For you and it would never end  
I thought we were supposed to be  
like glue

I thought you were my boyfriend  
I thought you were my boyfriend

Love or not I've always got  
Ten guys on whom I can depend  
And if you're not mine  
One less is nine; get wise

I thought you were my boyfriend  
I thought you were my boyfriend

I just hope you're happy  
Stringing me along  
While you're stringing  
I'm here singing  
This, my saddest song

I wish I could see you  
I wish I could sleep  
Should I freak out? Should I seek out  
Someone I could keep?

I thought I was just the guy  
For you and it would never end  
I thought we were supposed to be  
like glue

I thought you were my boyfriend  
I thought you were my boyfriend

Love or not I've always got  
Ten guys on whom I can depend  
And if you're not mine  
One less is nine; get wise

I thought you were my boyfriend  
I thought you were my boyfriend

I wanted you tonight  
I walked around alot  
Wishing you were here  
To keep me from sleeping

With anyone who might  
Want me, or even not  
Some guys have a beer  
And they'll do anything  
Anything  
Anything...

\*\*\*I thought I was just the guy  
For you and it would never end (Thought you were my  
boyfriend...)  
I thought we were supposed to be  
like glue

I thought you were my boyfriend (Thought you were my  
boyfriend...)  
I thought you were my boyfriend

Love or not I've always got  
Ten guys on whom I can depend (Thought you were my  
boyfriend...)  
And if you're not mine  
One less is nine; get wise

I thought you were my boyfriend (Thought you were my  
boyfriend...)  
I thought you were my boyfriend...

(Repeat\*\*\*)"
