Seduced and abandoned and baby makes two
Baby, abandoned by you
Seduced and abandoned and what can I do?
I think I might drink a few

Seduced with a grin, I was taken all in
Taken in sin and in shame
Seduced by a smile, I walked down the aisle
Then waited awhile, no one came

Seduced and abandoned and baby makes two
Baby, abandoned by you
Seduced and abandoned and what can I do?
I think I might drink a few

Abandoned to weep, I collapsed in a heap
Dutifully sleeping all day
Abandoned to die, I did nothing but cry
In my one-ply negligee

Seduced and abandoned and baby makes two
Baby, abandoned by you
Seduced and abandoned and what can I do?
I think I might drink a few
Yes, I think I might drink a few and maybe the baby will
too
