So the sun goes down and the world goes dancing  
And the stars come out and they all go dancing  
And there is nothing I'd like more  
Than a twirl across this rickety old floor

Well I don't know why but I just feel like dancing  
I can't imagine why but I feel like dancing  
And there is nothing in this world  
That I'd like better than a twirl across your rickety old  
floor

Maybe it's you  
You know your eyes are awful blue  
Maybe it's more  
Maybe you're all I ever waited for  
After all the endless nights when I wished I could still  
cry
