Wi' nae wee bairn ye'll me beget Untwinkle, little ee
My ainly pang'll be regret. A maiden I will dee

but ill turn into a nightengale and song will warm my
heart
well ill turn nto a threshing machine and tear that bird
apart

Wi' nae wee bairn ye'll me beget Untwinkle, little ee
My ainly pang'll be regret. A maiden I will dee

but ill turn into a vampire in case you own a neck
well ill turn into a silver cross and send me back to heck

Wi' nae wee bairn ye'll me beget Untwinkle, little ee
My ainly pang'll be regret. A maiden I will dee

but ill turn into a hydrogen bomb and atomize the air
well ill turn into a cockroack and youll see if i care

Wi' nae wee bairn ye'll me beget Untwinkle, little ee
My ainly pang'll be regret. A maiden I will dee

but ill turn into a super nova and burn up everything
well ill turn into a black little hole and youll turn into
string

Wi' nae wee bairn ye'll me beget Untwinkle, little ee
My ainly pang'll be regret. A maiden I will dee

but ill turn into GOD himself and you will come to me
then i will not believe in you and then where will you be?

Wi' nae wee bairn ye'll me beget Untwinkle, little ee
My ainly pang'll be regret. A maiden I will dee

My ainly pang'll be regret. A maiden I will dee
