you think I'll run not walk to you
why would I want to talk to you?
I want you crawling back to me,
down on your knees yeah
like an appendectomy
sans anaesthesia

you think you can leave the past behind
you must be out of your mind
you think you can simply press rewind
you must be out of your mind, son
you must be out of your mind.

you want what you turned off, turned on
you called it (at?) sunset, now it's dawn
you can't go 'round just saying stuff
because it's pretty
and I no longer drink enough
to think you're witty

you think you can leave the past behind
you must be out of your mind
you think you can simply press rewind
you must be out of your mind, son
you must be out of your mind.

you want to kindle that old flame
I don't remember your real name
it must be something scandalous,
lurks in your shadows
if you needed santa claus
to buy your gallows (almost certain that's wrong but no
idea what he says otherwise)

you think you can leave the past behind
you must be out of your mind
you think you can simply press rewind
you must be out of your mind, son
you must be out of your mind.

you must be out of your mind, son
you must be out of your mind.
