You must be so lonely  
It's written on your face  
Right or wrong  
I'll sing the song  
That's lost without a trace

You must think I'm foolish  
You see it in my eyes  
That might be true  
But I've got you to  
Bury me alive

When the wind will stop it's whining  
And the lies have been exposed  
In the end I know

You must be so lonely  
You ask me what to do  
I'll never know this kind of loneliness

You're livin' with

You must think I'm crazy  
Like only I can be  
That might be true  
But I've got you  
To confirm what I believe

When the wind will stop it's whining  
And the lies have been exposed  
In the end I know

I've been speechless for a while  
It's time to let you know  
It's time to let you know

You must be so lonely  
You must be so lonely  
You must be so lonely
