If I could I would but you know  
I can't lie to you  
If I could I'd say  
You say so and I'll say yes

Sun burns so bright  
I can't see the hurt in your eyes  
The moon buries itself behind the clouds  
I can't tell what you're thinking about

Will you let me stay for a while?  
Don't forget me, please don't cry  
Just hold me close  
Don't let go until I say so  
Will you think of me when you smile?  
Old memories bring tears to your eyes  
Just hold me close  
Don't let go until I say so

If you would then I would be here for you when you  
need  
Me  
If you would then I would not do the things that made  
You leave me

The stars flash and burn out  
But I feel your eyes burning through me

The rainbow brightens up the day  
Leaves me hanging on to the few words you say

Will you let me stay for a while?  
Don't forget me, please don't cry  
Just hold me close  
Don't let go until I say so  
Will you think of me when you smile?  
Old memories bring tears to your eyes  
Just hold me close  
Don't let go until I say so

You only cross my mind every second every day  
I need to unwind before I fade away

Will you let me stay for a while?  
Don't forget me, please don't cry  
Just hold me close  
Don't let go until I say so  
Will you think of me when you smile?  
Old memories bring tears to your eyes  
Just hold me close  
Don't let go until I say so
