I found it hard to believe, someone like you came for
me
you put this love in my heart
I tried, I could, I refused, you gave me no time to
choose
you put this love in my heart
I wanna know where the bad feelings go
when I'm depressed and I get down so low
then if I see you calling to me, it's all right
I wanna tell you right now,
I'm not afraid to say how
you put this love in my heart
there's sometimes when I doubt,
but you offer me out
you put this love in my heart
cause when I see that you died for me
so when I was down I had to believe
cause you following her, proving all your love
and I know the loneliness I've had before
in God now, I never feel it anymore
cause your lovin has released me
from all that is in my past
so much more I could say
if I could just find a way
you put this love in my heart
it's all so thrilling to me, I feel so good I could scream
you put this love in my heart
I wanna know where the bad feelings go
when I'm depressed and I get down so low
then if I see you calling to me, it's all right
