

My Bloody Valentine

"No More Sorry"

They'll have you now
And again
And then again
And again
[loved/left] me black and blue
No more sorry

Pleasure(able)
Not alone
You're not alone
Waiting by the telephone
Whatever you do
Don't call daddy

In my hair
Everywhere
Everywhere
And everywhere
For the prints of you
Filthy daddy

Wash and mend
And wash and mend
Some kind of friend
You septic heart, your deadly hand
[love/left] me black and blue
No more sorry
