

My Bloody Valentine "When You Sleep"

Visit "[When You Sleep](#)" on MotoLyrics.com

When I look at you
Oh, I don't know what I feel
Once in a while
And you make me laugh

And I'll sleep tomorrow
And it won't be long
Once in a while
Then you take me down
When you walk away

When you say, "I do"
Oh, but I don't believe in you
I can't forget it, no

When you sleep tomorrow
And it won't be long
Once in a while
When you make me smile
When you turn your long blond hair

When I look at you
Oh, I don't know what I feel
Once in a while
And you make me laugh

And I'll sleep tomorrow
And it won't be long
Once in a while
Then you take me down
When you walk away
