So tell me what your name is baby
Looking at you, you are such a dream
With those big brown eyes and those lovely white
thighs
They fit so well in that polka dot dress
Listen baby girl, your a heart breaker
But I also know I'm as hot as fire
Won't you tell me, what's your desire
Cos girl you drive me wild

Dream a little dream my baby
I know you hold a candle for me
Dream a little dream my baby
I know you wanna be with me

You can feel free to call me baby
You better not be like all the other guys
With those come to bed eyes, you better tell me no lies
Listen baby boy, I been single for a while
Oh so your Mister Jack? I've heard a lot about you
You know your quite a star
Won't you tell me, what's your desire
Cos boy you drive me wild

Dream a little dream my baby
I know you hold a candle for me
Dream a little dream my baby
I know you wanna be with me

Course it's me, cos I'm Mister Jack
Let them cry out that Mister Jack's back
Do you wanna drink cos I'm heading to the bar
And where do you live, it can't be too far
Get me a Jaeger and A Malibu and coke
Where do I live, is that some kind of joke?
Won't you tell me, what's your desire?
Cos girl you drive me wild

Dream a little dream my baby
I know you hold a candle for me
Dream a little dream my baby
I know you wanna be with me

Give me no ice, it'll ruin my drink
Turn of the fans cos it's stopping me think
I know you like my style so I'll tell you no lies
Show me your smile and those lovely brown eyes
No one like you has showed up on the scene
Well I'm here now and I can tell that your keen
Won't you tell me, what's your desire
Cos girl you drive me wild

Dream a little dream my baby
I know you hold a candle for me
Dream a little dream my baby
I know you wanna be with me
