All right ooooh, All right
True Dread don't care for vanity, ooh-yeah
He's got love for humanity
but a whole lot of them in sheep clothing, ooh-yes
are trying to mix the true Dread with sin
The mark of the beast is on their forehead, ooh-yes
and evil prints upon their face
Oh it's a big disgrace, ooh-yes
How deh are mashin up the place
Yes, Babylon trap them, yes Babylon trap them

The old book tell you about it, say
they are the generations of vipers, ooh-no--them
and they just can't be blamed
Cause, Babylon trap them, my bredren, Babylon trap them
It's true-yeah, no lie about it, ooh

Don't get yourself mixed up, ole people, ooh-yes
cause it's gonna be well dread
Who the cap fit, let him wear it, I-say
You just do as Jah Jah want you to do
Cause, Babylon trap them, yes Babylon trap them
Babylon trap them, my bredren, Babylon trap them

(Babylon trap them) he control them, ooh-yes
(Babylon trap them) let them do as they want them to
Babylon trap them, my bredren
