#### Verse 1:

Some summer paradise  
It has some bland and shady lies  
This season, I'm colder than I could ever be  
Picturing these images  
I'm such a freakin' idiot  
Because your lies were set and surrounding me.

#### Chorus:

You make me sick  
Forgetting everything we did  
Do I exist?  
Oh you are my igniter  
Burning my heart to flames  
I bet you've forgotten my name  
Do I exist?  
You lit me up on fire.

#### Verse 2:

Your name rises up ashore  
It only makes me want you more  
You said I was the one, I feel for a cliché  
My chins weighing down my head

I'll never look up again  
One day with you sold my heart, that very day

If I-I was just another girl off your check list why-y-y  
How could I let myself do this?

#### [Chorus]

I thought that bein' your best friend before  
Would make our bond a little something more  
And than those easy girls you meet  
You couldn't crack me,  
You set me up for your plan to break me.

Some summer paradise  
It has some bland and shady lies  
This season, I'm colder than I could ever be.

[Chorus]

You light me up!
