We hold in our hearts  
The sword and the faith  
Swelled up from the rain clouds  
Move like a wraith  
Well after all, we'll lie another day?  
And through it all we'll find some other way  
To carry on through cartilage and fluid  
And did you come to stare or wash away the blood?

Well tonight, well tonight will it ever come?  
Spend the rest of your days rockin' out  
Just for the dead  
Well tonight, will it ever come?  
I can see you awake anytime in my head

Did we all fall down?  
Did we all fall down?  
Did we all fall down?  
Did we all fall down?  
From the lights to the pavement  
From the van to the floor  
From backstage to the doctor  
From the earth to the morgue  
Morgue! Morgue! Morgue!

Well tonight, will it ever come?  
Spend the rest of your days rockin' out just for the  
dead  
Well tonight, will it ever come?  
I can see you wake anytime in my head

All fall down, well after all...
