There was you, there was me, we never could agree  
If I was up, you were down.  
You were there, I was here, a grand puppeteer  
Stuck it all, together.

If I was cat, you were a dog  
If I was tied up, you were a hog  
If I was flat, you were a ball.  
If I was charge, then you were cash  
If I was tots, you were the mash.  
If I was love, then you were shhh.

We added it up, we added it up, to zero, zero.

Fly in the dreams, fly through my skin, my hair, my feet  
What a pair of disagreeable, agreeables.  
Your hands, my hips, your grip, what a fit of  
exhausting, inexhaustables.

Fusion makes the world go 'round  
Confusion in the making of all that sound.  
We lie here, a quieter voice  
It says, love binds the world (love binds the world),  
love binds the world (love binds the world),  
love binds the world (love binds the world),  
love binds the world (love binds the world),  
love binds the world (love binds the world)  
love binds the world (love binds the world)

Forever and ever, and ever, and ever, and ever,  
forever and ever,  
forever and ever, and ever, and ever, forever and  
ever, and ever, and ever,  
forever and ever

We added it up, we added it up, to zero.  
Zero.

Fly in the dreams, fly through my skin, my hair, my feet  
What a pair of disagreeable, agreeables.  
Your hands, my hips, your grip, what a fit of  
exhausting, inexhaustables
