"Christmas"

This is my favorite time of year
The streets are filled with Christmas cheer
The children laugh, the lovers sigh
Beneath a glowing purple sky

All the Christmas light displays
Seem so perfect in every way
But there's a longing deep inside
No matter how I try to hide
And every year it seems to hurt a little more

It seems like such a waste of snow
And all the lights have lost their glow
The Christmas songs seem out of tune
Their beauty fading much too soon

I don't feel magic, I just feel cold
Without my angel here to hold
I would find all I treasure dear
If I could hold her in my arms this year

So would you hear my Christmas prayer
I know she waits for me out there
Would you please bring my angel home
So we won't have to be alone
'Cause every year it seems to hurt a little more

It seems like such a waste of snow
And all the lights have lost their glow
The Christmas songs seem out of tune
Their beauty fading much too soon

It seems like such a waste of snow
And all the lights have lost their glow
The Christmas songs seem out of tune
Their beauty fading much too soon

Oh what a perfect waste of snow
And playful boughs of mistletoe
The Christmas songs seem out of tune
Their beauty fading much too soon

I want to feel that joy again
To glow without, to shine within
To finally break through all these tears
And hold my angel in my arms this year
