I don't need you  
I won't see you  
I don't need you  
Cause I know you're seethrough  
Talk to you in the middle of the night  
Who is wrong and who is right  
All I know is you went too far  
It's 5AM but it's still dark  
Nothing here is real  
There's nothing, nothing you learned how to feel  
You're pushing me against the wall  
and now I know it's time to fall  
Cleaning up this bloody mess  
With all I've lost, I now have less  
At the time it all made sense  
In the end there's no defence  
Tearing down the walls I see  
Nobody left to stand with me  
Heard your scream come from the trees,  
watch them all fall to their knees.

I don't know what it is that you want from me  
I know that it hurts and that revenge is sweet  
I don't know what I'm supposed to say to you  
In the end you know I had to see it through  
I don't need you  
I won't see you  
I don't need you  
Cause I know you're seethrough
