you failed me once again
but I fool believed in us

I asked myself a hundred times
is it you that I can trust

you're stripping the bark off me
I hold still speechlessly
strew salt in my open wounds
I still won't give up on you

beat me till I'm senseless
bleed me till I go dry

but I won't give up on you
we made it this far
what I feel is true
I can't understand this fight
that lasts so long
and I'm staying here
to prove you wrong

brainwashed by delusions
you are led away from truth

I bound up my wounds to leave
since you asked me not to go
you're stripping the bark off me
I hold still speechlessly
strew salt in my open wounds

beat me till I'm fearless
bleed me till I go dry

but I won't give up on you
we made it this far
what I feel is true
I can't understand this fight
that lasts so long
and I'm staying here
to prove I'm right

brainwashed by delusions
you are led away from truth

I bound up my wounds to leave
since you asked me not to go

I won't let go
