I change my nature
change the way I use to live
today a brunette
tomorrow you're the one I'm with

I keep my habits
live each moment like my last
that's why I buried
all the bad things from my past

I've changed my colors
changed the confidence in me
I'm riding out
to somewhere no one else will be

I keep my head up
keep my troubles out of sight
and at the tunnel's end
I clearly see the light.

that's the path I'm taking
and it seems so bright
I am not mistaken
cause it feels so right

now the obstacles are fading
I've covered my tracks
there's a new adventure waiting
I've changed my number
changed the place I used to live
today you take
tomorrow you're the one to give

I keep my head up
as I go into the light
the darkness left behind
I'll leave it in the night

that's the path I'm taking
and there's no way that I'm mistaken
now the obstacles are fading
there's a new adventure waiting

that's the path I'm taking
and it seems so bright
there's no way I'm mistaken
cause it feels so right

now the obstacles are fading
and I've covered my tracks
there's a new adventure waiting
