

## Dweal "No Shelter"

Visit "[No Shelter](#)" on [MotoLyrics.com](https://MotoLyrics.com)

look at us  
we haven't changed  
everything has been the same  
since you realized that this  
is not what you want

don't blame me for who I am  
it's not my fault it died away  
now I understand it's time to move on

looking for a shelter  
searching for a place  
that I can call my home

expecting revelation  
sitting in a corner  
I try to find my way  
look at you  
you haven't changed  
everything has been the same  
since you realized it was the end my love

looking for a shelter  
searching for a place  
that I can call my home

expecting revelation  
sitting in a corner  
I try to find my way
