I don't clean my house for just anyone
But all day I've been dancing with this broom
Don't put my life on hold for just anyone
But I've been waitin' for your call all afternoon
I've got a real good system
I like things going my way
Girls come and go and I don't miss them
But I've just gotta say

I don't think I've ever felt this excitement
Never thought about someone
Every minute of my day
I don't know what you're doing,
But it turns my world
And I want you to know
That you're a very special girl

Tellin' all of the boys
I'm goin' crazy
It never has been my style
But then again it's kind of amazing
How my face has been stuck in this smile
Baby, don't let me scare, I know it's been a short time
But you should be aware
You are just blowing my mind
I don't think I've ever felt this excitement
Never thought about someone
Every minute of my day
I don't know what you're doing,
But it turns my world
And I want you to know
That you're a very special girl

I don't want to rush this
But I think you need to see
That I can't stop thinking of you, and how happy you're
making me

I don't think I've ever felt this excitement
Never thought about someone
Every minute of my day
I don't know what you're doing,

But it turns my world
And I want you to know
That you're a very special girl
