I know you and you know my heart, girl
And what you mean to me
Is no mystery at all
Nothing that they do
Can tear us apart girl
Baby, we've got something we both feel
Is big as a life and twice as real
We can not conceal

We got love
We got each other
We got a warm and willing hand
And is love really what life is all about anyway?
Maybe we're young
Maybe we're crazy
Maybe we don't live like they planned
But what they don't understand is
We got love

Can you read my mind
Can you hear my thoughts, girl
You know I'm telling you
The God's own truth I swear
You make me alive
You make me strong, girl
Baby, something somewhere has to give
It's on the way we're meant to live
Let's show them how it is

We got love
We got each other
We got a warm and willing hand
And is love really what life is all about anyway?
Maybe we're young
Maybe we're crazy
Maybe we don't live like they planned
But what they don't understand is
We got love

We got love
We got each other
We got a warm and willing hand

And is love really what life is all about anyway?
Maybe we're young
Maybe we're crazy
Maybe we don't live like they planned
But what they don't understand is
We got love

We got love, baby
Yeah, yeah
We got love
We got each other
We got love
(Oh, so strong girl
We got love)
