Contrite - commercial - arrogance - leprosy
Consume the bitch - the fucker - mindless - like a child
For pity's sake - I've had all that I can take
We try - but in the end we'll see
There are no more codes
Only who is shit
And who's still free
I was gonna change the world
With honor and aggression
No one listened - no one cared
All they saw was misdirection

Go ahead and disagree
I'm giving up again

I don't want you anymore
I don't need you anymore
Fingerprint of god
Your new religions covet
This vessel wasn't built to last
But I will live forever
You'll never have to say surrender
Because you're so part of it
My total honesty has no place for tomorrow
Guilty pleasures give me pain
Tell my people I can't follow
Go ahead and disagree
I'm giving up again

You'll never censor me
You'd better cherish me
My reason has a voice
Freedom's gone but we'll always have a choice
My present future tense
It doesn't make much sense
I'm coming after you
Fuck you all I'm the only point of view

Violence and dollar signs
Another processed piece of shit
You hide your fault in diamonds and give away the only
Cost - you can't delay the inevitable

Lost - don't understand the incredible path
I'm losing ground - but I won't care when I go down

Go ahead and disagree
I'm giving up again

I'm giving up again
