(Mark Stuart, Stacey Earle)

If you want to go out in your nicest gown  
Be part of the crowd and laugh out loud  
Well paint the town if you want go out

If you want to dance slow with a Romeo  
Or Valentino, I'm a regular Joe  
Just say so, if you want to dance slow

I don't mind if you're not ready for me  
You'll find I will wait patiently  
In your time, only far as you see  
Its you I'm thinkin' of if you want my love

If you want my love it'll be enough  
After day is done and you need some fun  
You wont miss much if you want my love
