You might say she started out  
Without what folks call around here a fair shake  
A little girl with no shoes on her feet  
Tangled hair, and not a nickel to her name  
And not a care  
But no matter what  
Her smile came shining through

'Cause a rose is a rose, is a rose  
And everybody knows a little  
Sunlight and room to grow  
Was all she needed  
And seeing her face in town  
Was like springtime coming around  
Well, I guess it just going to show  
A rose is a rose, is a rose

Tommy Lee always knew what he would do  
'Cause she moved him deep down in his heart  
And everybody smiled at such a pair  
Could they last  
With two different worlds and sides of the tracks  
But no matter what  
Their love came shining through

'Cause a rose is a rose, is a rose  
And everybody knows a little  
Sunlight and room to grow  
Was all she needed  
And seeing her face in town  
Was like springtime coming around  
Well, I guess it just going to show  
A rose is a rose

It always find a way to shine  
Beauty is a state of mind

Seeing her face in town  
Was like springtime coming around  
Well, I guess it just going to show  
A rose is a rose, is a rose
