Sometime I get a little crazy
Baby you know me
And when the sun comes out
I'm kinda lazy
Yeah you know me
The slightest touch, tempermental
Well, you know me
Talking tough, but sweet and gentle
Yeah you know me
You know about my private heart
You've seen the bright side and the dark
No one else can see inside me like you do

I gotta have my space
Every once in a while
Baby you know me
But it won't take much
To make me smile
Yeah you know me
Take out food, and drive in movies
Well you know me
A melody that can really move me
Baby you know me

You know about my private heart
You've seen the bright side and the dark
No one else can see inside me like you do

Cause you're the only one
I can tell my secrets to
I know with all my heart,
I can trust in you

It's the simple things
That mean so much
Baby you know me
Diamond rings
Just don't cut it
Well you know me

You know about my private heart

You've seen the bright side and the dark
No one else can see inside me like you do

You know me
You know me
You know me
You know me
You know me
