Strange
The color seems to change
So crystal is the world we view (the world we view)
Wait
I feel it changing state
Dripping what we thought we knew (we thought we knew)

It's all rushing to me

Can anybody see?
You won't believe your eyes
A stranger to me
You won't believe your eyes

The rain
The subtle shades of gray
Have all but found their way from here (their way from here)
The sounds
Of color streaming down
Is inches from the heart, I hear (the heart, I hear)

If I could just let it in

Can anybody see?
You won't believe your eyes
A stranger to me
You won't believe your eyes

It's just what I know that I've lost
I'm a stranger here, and it's time I'll be letting it go
Off to the sky, find me the way
Oh this feeling of mine, of mine

Can anybody see?
You won't believe your eyes
A stranger to me
You won't believe your eyes

Can anybody see?

You won't believe your eyes
A stranger to me
You won't believe your eyes
