I guess you don't believe me now
You never wanted this
Back turned in wind, that's all you have, it's all you
needed

You're all right, you're all right now (you believe what
you want to)
Gone somehow, you gone somehow, but I'm waiting for
you

Get back to where you once believe, to get back, get
back
You want some back to bury mean, get back, to get
back

More cry from the picture perfect calm, oh can you see
it?
A bright life from the distance lead you dark and never
free her

You're all right, you're all right now (you believe what
you want to)
Gone somehow, you gone somehow, but I'm waiting for
you

Get back to where you once believe, to get back, get
back
You want some back to bury mean, get back, to get
back

You never know just why I had it mine (had it mine)
How many way, but you're way so far now
Whatever feel you, you just had to find (had to find)
You never see it but it killed you slowly
Yeah, it's gonna kill you slowly, yeah, it's gonna kill you
slowly

Get back to where you once believe, to get back, get
back
You want some back to bury mean, get back, to get
back

Get back to where you once believe, to get back, get
back
You want some back to bury mean, get back, to get
back
